Headteacher
Mr. P.L. Hamlyn

Dear Steering Committee,

I am writing to you to express my opinions about the proposals to improve the town of Torpoint. I firmly believe that these plans could seriously benefit the young people of our society, if they are completed correctly.

My primary reason is that Torpoint needs vastly improved leisure facilities. The local residents always complain about the vandalism and graffiti of our town's local parks, however, we could update and improve them and it could ~~it~~ increase the popularity by almost $\frac{3}{4}$! Do you think that it is reasonable to let vandals vandalise almost everywhere we go? Surely you must act on this public view.

Secondly, the shops are very close to the ferry and mostly all of the public drive or walk past them but they do not like the sight because the paint has faded and chipped.

Therefore, we really need new buildings or we need to re-paint these shops. Do you really want people to think negatively about our town? 79.2% of the locals say that our shops need re-doing.

My final point is that we need to build a proper swimming pool for the public residents to use. It is a necessity so that young people can swim and there is no swimming pool that is close enough. Do you think that we should drive all the way up to Liskeard or Saltash just to take our young swimming? What about those who cannot drive? Surely you would not want people who cannot swim drown. $\frac{1}{3}$ of children in school cannot swim. Should we not do something to reduce this shocking statistic?

In conclusion, I passionately believe that these changes are essential to ensure Torpoint is a place that locals would love to call home.

V.
